

Attention: All WTC Responders,

The New York State Workers' Compensation Board (WCB) encourages all WTC responders to protect their right to file for future Workers' Compensation benefits by registering form WTC-12 with the WCB. The WCB requires this registration in order for responders to be permitted to file for Workers' Compensation benefits in the future, regardless of whether or not they have already filed a Workers' Compensation claim or are currently sick or well. **Responders must complete a WTC-12 form and file it with the New York State Workers' Compensation Board by September 11, 2010.**

Follow-up Monitoring Appointments Every 12 Months

- Those of your members who have already come in for their initial visit for the monitoring program are now eligible for a follow-up visit every 12 months.
- The best way to make sure that they maintain their health is to keep track of their health. We encourage everyone to come in for a follow-up appointment even if you and your members do not currently require ongoing medical treatment.

If you would like to arrange a group follow-up visit or come in individually, please call **1-888-702-0630** to schedule an appointment.

FREE Medical Treatment and Medication

The WTC Medical Monitoring and Treatment Program provides **FREE treatment and medication for 9/11-related illnesses** among WTC responders. There are no co-payments or deductibles for illnesses or conditions related to your WTC service. To be eligible for this free treatment or medication, your members must be enrolled in our program.

We have clinics located in Manhattan, Staten Island, Queens, Long Island and New Jersey. To make an appointment, please call **1-888-702-0630** or visit our website at <http://www.wtcexams.org/> .
